Year 3

Brindishe
Green

25/09/26

English – Spellings (due Friday 2nd October)

Please see the spelling activity on Weduc.

English – Bug Club (due Friday 2nd October)

Read to the end of “How Do Lobsters Stay Young?”

Challenge: we are writing non-chronological reports about Stone Age animals in class. For a challenge, research an animal that is extinct and write your own fact file.

To log-in to Active Learn, use the following link:

Termly Project

You can choose one (or more) of the projects below. 😊

World Around Us 🌍: You are an archaeologist. Draw and write about something you have discovered around you.

Science 🔬: Our topic is light. Some animals are light sources! We call this bioluminescence. Research animals and other forms of life that are bioluminescent. Choose how you wish to present your findings (e.g. you could create a piece of art displaying the creatures; you could write a report; you could make a power point presentation).

Handwritten Letters ❤️: Can you write a letter to your teachers telling them what you enjoy in the classroom and what else you would like to learn about?

ME Book – PSHME

You have different activities to try in your me books all linked to your personal, social, emotional and mental health, including being safe, respecting others, online safety and growing up. Try to complete a different activity each week of your choice. You can also now try the challenge! **You should always keep your 'Me Books' in your school bags so that your teacher can celebrate them.** At the end of the term you will share your learning with your peers and class teachers in a special celebration event.
