Rights Respecting at Brindishe Schools - Article of the Week

Article 2: (non-discrimination)

The Convention applies to every child without discrimination, whatever their ethnicity, gender, religion, language, abilities or any other status, whatever they think or say, whatever their family background.

Article 13: (freedom of expression)

Every child must be free to express their thoughts and opinions and to access all kinds of information if it is within the law.

Article 17 - access to reliable information

Every child has the right to reliable information from a variety of sources, and governments should encourage the media to provide information that children can understand. Governments must help protect children from materials that could harm them.

And remember, at the heart of the UN Convention on the Rights of the Child are the values of dignity, equality and non-discrimination.

LGBT+ History Month takes place in February each year.

LGBT+ History Month is all about promoting fairness, equality and diversity and raising awareness of LGBT+ people and culture, now and in the past. It aims to give voice to LGBT+ experiences, celebrate achievements and highlight the challenges people still face today. It is also about helping everyone to learn more about LGBT+ culture and history.

The theme for this year, along with more information about the month, can be found [here](#).

At Brindishe Schools, we know it important to listen to, learn from and celebrate people's differences in school and in our community. It helps to remind us that we are all unique and should all be treated with dignity.

- It reminds us that everyone has different experiences and everyone has the right to be listened to and express their opinions.
- When our differences are celebrated, we feel valued as people and our health and wellbeing improves.
- It helps all people to feel welcome in our schools.
- It reminds us that not all families or relationships look the same.
- It helps us to be open and respectful to new ideas about identity.
- We are all learning all of the time and by listening to others we continue to grow and learn.
- So that we can speak up and challenge unfair comments or actions.
- To help ensure that all Brindishe children and young people's opinions are taken into account when making decisions about them.

Watch the video of the story [And Tango Makes Three](#) at home with your child. There are many different types of families. For example, some children may live with a mum and a dad, just a mum, two dads or live with other carers who look after them.

Fortnite

Is your child playing Fortnite?

It is rated PEGI 12 for frequent mild violence which means it is not suitable for persons under 12 years of age.

What is Fortnite?

There are different versions of Fortnite, including a free-to-play Battle Royale game (although money can be spent within the game) where up to 100 players compete against each other.

What do I need to be aware of?

Chatting to strangers and inappropriate language: Fortnite contains voice and text chat. Due to the nature of the game, your child may be chatting to strangers and may hear inappropriate language. Ensure your child knows how to report players for any inappropriate behaviour.

In app purchases: All users can purchase V-Bucks directly through the game. This currency can be used to purchase items in the Fortnite store so make sure you don't store your payment details within the game/device and restrict purchases.

Parental Controls

Fortnite includes several parental controls to help you make it a safer environment for your child including disabling voice chat, filtering language and setting privacy settings.

Find out more about parental controls here: <https://www.epicgames.com/fortnite/en-US/parental-controls>.

Also, remember to set up age-appropriate parental controls on the device your child is playing on as well.
