Welcome Back & Happy New Year to all our Brindishe Families

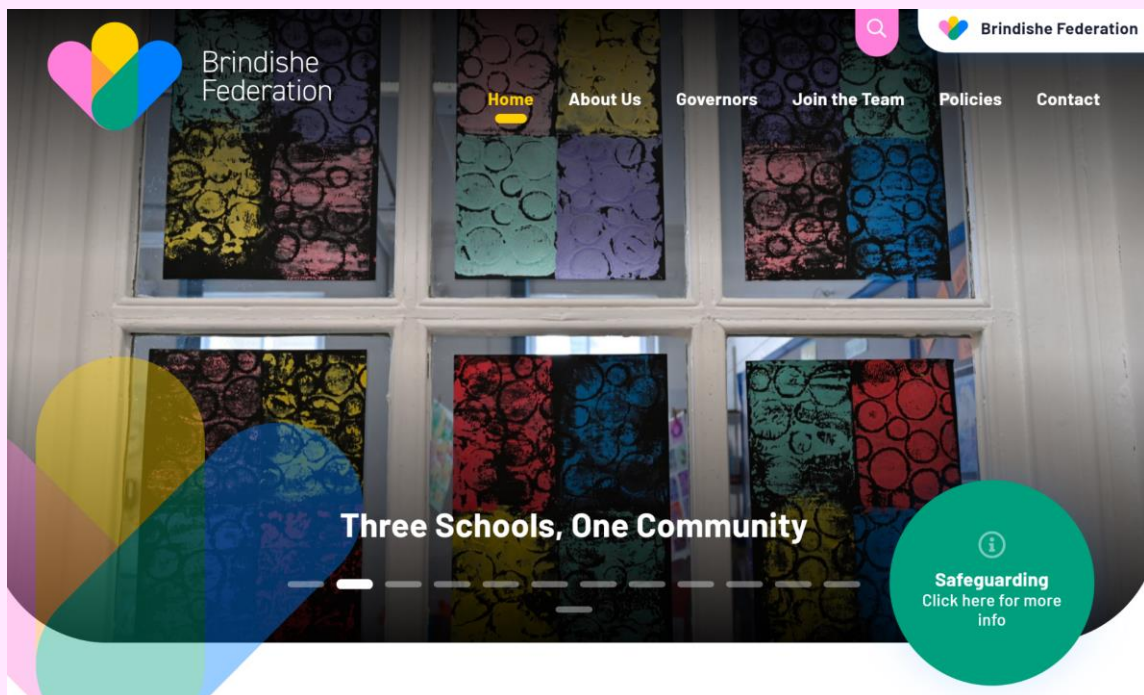

Brindishe Website is now LIVE!

As you know, at Brindishe Schools we have recently updated our federation and school logos. We are now pleased to inform you that the new website is now LIVE! The new design is modern and fresh and the site is more intuitive, easy to navigate and more accessible. Key information can be found quickly for each school and the virtual office provides parents/carers with a range of helpful information and/or contacts to help you answer any pressing questions or get in touch with the office quickly. There are links for all of our online platforms, both for you and for the children as well as class pages containing class newsletters. As the website develops class teachers will add photos and learning to their page.

You will also notice that we are delving into the world of social media with Twitter accounts for each school. Once these are established in the next few weeks, we will let you know so you can follow our school communities online and see live and instant messages and photos.

We hope the new website contains all the information you need and prospective families will be interested in when choosing a school for their child. Any feedback and/or comments would be warmly received.

Rights Respecting at Brindishe Schools - Article of the Week

Article 14 (freedom of thought, belief and religion)

Every child has the right to think and believe what they choose and also to practise their religion, as long as they are not stopping other people from enjoying their rights. Governments must respect the rights and responsibilities of parents to guide their child as they grow up.

Who or what influences the way you think about the world and shapes your thoughts and beliefs?

At Brindishe, we provide lots of daily opportunities for our children to practise and share their different religions and beliefs. This might be through assemblies, stories, music, RE & History lessons, PSHME lessons and much more.

We also remember that not everyone follows a particular faith or believes in religion. What or who do you think helps to guide people if they don't have a faith? You might like to [watch this video](#) with your child at home about humanism to help you think about these questions.
